Submitted with reference to orders

Memo 6.2

Referred with table of marks obtained by NS Students for report whether both the candidates selected under rules reported upon by us

From 2

Nagu C Sowmi RR
President of the Committee
for the examination of Students
for the S&O & Forest Depts

To

The Secretary to the Chief Commr
of Ceylon
Public works Department
"

Sir,

I have the honor to submit for the consideration of the Chief Commr the accompanying Statement which exhibits the results of the examination of the candidates for the Public works and Forest Departments, held in accordance with instructions conveyed in Chief Commr's Proceedings No $\frac{4601-3}{22}$ of the 9th Dec last. —

2/ It will be observed therefrom that of the maximum number of marks assigned in all subjects for the Engineering Students, my 3050, Mr Sitaram Rao obtained 2147 and Mr Ranga 2053; whilst of the aggregate marks for the Forest Students my 2690, I obtained 1483 & Mr

Sri. Prahalada Rao 1375 There
results the Committee considered satis-
-factory with the exception noted below.

3/ At the outset the Committee
assigned a minimum of marks in
each subject, which minimum
should be scored by each candidate
to entitle him to pass. Both the
Engineering students have scored
over the minimum in all subjects
Of the Forester Sri Narain Rao
obtained only 28 under Theory of Equation
against a minimum of 30, and Sri.
Prahalada Rao only 100 under "Vegetable
Physiology", the minimum fixed being
200 —

4/ To a Forester a Knowledge of the
Theory of Equations is not of much
value, and the Committee could not
recommend the rejection of Sri. Narain
Rao for failure in this subject, but
Veg Physiology is probably, the Committee
thinks, a subject of importance
the Forest Department. The
however are not of

with the subject & the requirement
of a Forest officer to justify them in
recommending the Candidates reports
on the same, but would recommend
the question being referred specially to
Dr. Hutchins, the only Conservator
who examined the Forest Candidates
in Botany & Kindred subjects. —

I have the honor to be,

Sir,

Your most obed. servant

C. Hoveden Major RA

of Mysore
General Department

Sir,

In returning the enclosures forwarded with Chief Commissioner's Memo No 62 of the 28th Ultimo (forwarded to my office at Bangalore on the 3rd instant) I have the honor to point out that Mr. Narain Rao passed a creditable examination in the forest subjects he failed to qualify in the theory of equations by two marks out of thirty I should concur with the recommendation of the examining Committee that he be passed.

Mr. Prahlada Rao failed altogether (only obtaining ½ of the minimum) in the important subject of Vegetable Physiology 100 marks out of 500 he represents a

superficial knowledge which is useless. Looking at the other two branches of natural science usually considered essential for forest officers— Geology and Chemistry, it will be observed that he passed a good examination in Geology obtaining 114 marks out of 150 In surveying he obtained 280 out of 400, in mathematics 400 out of 815, and in drawing and estimating 136 out of 300 These results are mediocre with the exception noted above of Geology Neither of the forest candidates appear to have been examined in Chemistry

Considering the difficulty of obtaining qualified forest officials with a taste for the work I should have recommended that Mr Prahalada Rao be directed to present himself at the next yearly examination, for re-examination, to be passed then into the service if found duly qualified.

Under the present circumstances I should suggest that he be admitted on a year's extra probation compared to his fellow candidate Mr Narain Rao.

I have the honor to be
